[redacted]

25X1

A schematic diagram of two 20-pair telegraph cables leading from the underground telegraph bunker of the main telegraph office through Oranienburger Strasse, Monbijou Platz and Burg Strasse to a switch point of cable SZK 1 was made at the Telephone Construction Office in Berlin, 14 April 1952. The cables were laid and put in operation April 1952. A TK 125-type cable had existed on the same course.
